Experience about CCA

My school conducts Co-Curricular Activity on every Saturday. This academic year was the first time that my school conducted various CCA. These activities include competitions between 4 houses- Red, Blue, Green and Yellow. There are 4 incharges of different houses but overall activity incharge is CCA incharge. Throughout the session school conducted Fancy Dress Competition, Solo Song, Solo Dance, Group Song, Group Dance, Hindi and English Calligraphy, Essay Writing, Debate, G.K. Quiz, Maths Quiz, English Grammar, Spell Bee, Patriotic Song, Hindi and English Story Telling, Republic Day Celebration, Kite Flying, Poem Recitation, Shri Krishan Janmashtami, Sharad Utsav, Integrity Carnival and many more. It helped every student in knowing his/her talent and also enhanced their talent in different fields. Participants were encouraged by giving certificates time to time and some special occasions. My experience about CCA is positive and beneficial. I appreciate the idea of CCA and these activities must be conducted throughout the session.

- Avani Rachchh, 9th

School

I love my school,
We do not have any frightening will.
My teachers here are very kind,
But wrong doings, they do mind.
Such a lovely atmosphere, here you find.
In school we are not in fear,
As School believe to a student.
Teachers are very dear.
Studying in this school is like pleasure.
It is also a lifetime's treasure.

- Kavya Korat, 4th A

Science Practical

It was the successful experience for me to participate in Science Carnival. With the help of parents and support of my zone teachers, I made the Steam Powered Electricity Generator. At first it was too hard for me to make this project but with the help of my zone teachers, I made this project very neatly.

Steam Powered Electricity Generator works on water. Materials which we used to make this project successful are DC Motor, LED, Metal Sheet, M-Seal, Burner, Cylindrical Box, Screw and Plywood. I thank to the Chairman, Principal, Teachers & Students of Space School for giving me this opportunity.

- Aalok Magnani, 7th A

PRE-PLANNING OF EXAMINATION

Don't get tensed for topics which are not known.

Keep away from feelings like anger, emotion, fear, doubts during the exam days.

Develop qualities like happiness, confidence, polite, lovingness and fearlessness.

Take care of health and food habits during exams days.

Try hard and work hard to prove your capability in achieving your goal.

Students should be prepared with necessary things for exam like blue- black pen, pencil, eraser, sharpener, geo-metrical box beforehand.

Write your answer in organized way.

Before submitting answer script to your supervisor, spare fifteen minutes for checking all the answers.

- Killa Neha, 10th

Integrity Carnival!

Integrity Carnival! I was very much excited for this carnival. I participated in this carnival very enthusiastically and presented best level of mine. I presented myself with a Fire Alarm for which I got appreciation from parents as well as from my teachers. The fire alarm which gets alarmed when the heat or smoke gets detected. It has been a great experience for me. This carnival increased my confidence level and for this I would thank my respected principal and teachers from the bottom of my heart, gave me chance to present my talent in front of others. All this happened just because of support of my teachers. At last, I just want to say that "A teacher's purpose is not to create students in his own image but to develop student who can create their own image" and my teachers have come true to this point. Thanks to one and all.

- Devansh Gour, 7th A

Cloud

Hello clouds
I wish I was a cloud
I could scream so loud
Everyday I would be of different shape.
Once a greedy fox, then a sour grape.
Sprinkling water would be so much fun.
Scolding yelling there would be none.
Playing with stars and moon
Hiding the sun at noon
I wish I was a cloud
Blue Sky all around.

- Bhuva Hetvi, 5th B

January the first month of the year
On first day of it, I wish Happy New Year
The second month February that is small
For me, it is the month of friends I call
In March, for exams I prepare
And at the end of it, the result will declare
In April, I will go to school
And in the whole month, I remain cool
The month of holidays is May
To the family, about the school I say
The sister month is the June

A YEAR

I will learn singing and tune
Now it's time for the next month July
Back to studies and learn to fly
In August, I will learn something extra
And I will drink the pack of tetra
I feel happy in the month of September
As it is My birthday that comes in October
Nostalgic feelings & gifts from far
I keep on getting till the month of November
And in the end of December
All the things I have done I remember

- Antala Priyal, 6th A

Mother

My mother is the most important person in my life. She is very beautiful and kind hearted lady. She takes care of all of us. She gets up early in the morning and completes her household work. She cooks delicious food for us. She is my first teacher. She helps me in my studies. She makes me ready for the school. My mother tells me lovely stories at night. She teaches me to be in discipline and behave well mannerly. I love you MOM.

- Magnani Malishka, 6th B

PHYSICAL EXERCISE

Physical Exercise makes our body fit and keeps certain diseases away. In today's world, physical exercise has become a necessity because children like us, either spend most of the time in front of television or on smart phone and computer screen. Hence physical exercise encouraging children to be physically fit. Only healthy children can become healthy citizens of tomorrow. Yoga is also a part of the physical exercise which not only helps in keeping our body fit but also helps one in achieving better concentration power. It is the moral duty of elders to guide the students for physical exercise.

- Polara Rucha, 6th A

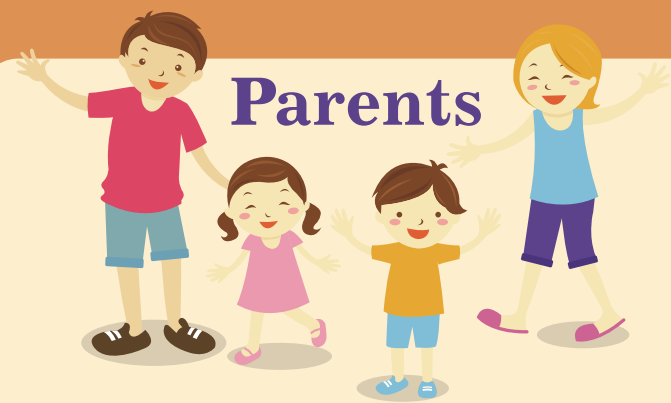

10 Study Skills

1. Believe yourself
2. Prepare yourself
3. Organise yourself
4. Discipline yourself
5. Be persistent yourself
6. Be Punctual yourself
7. Inform yourself
8. Educate yourself
9. Be meticulous yourself
10. Be updated yourself

- Gajera Vaidik, 4th A

Parents

Parents are just like friend
 Parents are loving
 Parents are charming
 They care for us
 They look for us
 They are worried for us
 Becoz they love dearly
 And sometimes take too strictly
 But we should neither mind
 them nor their words
 As they are the most precious
 Gifts to us from God on this earth.

- Gajera Krupanshi, 6th B

Exam V/S Cricket

- Examination Hall - Stadium
- Examinee - Batsman
- Paper setter - Bowler
- Examiner - Umpire
- Supervisor - Leg Umpire
- Pen - Bat
- Question - Ball
- Good Answer - Sixers

- Tough Question - Fast Bowling
- Twisted Question - Spin ball
- Mark Sheet - Score Card
- Pass - Victory
- Failure - Defeated
- Distinction - Century
- Getting position in merit list - Double century (not out)
- Supplementary - Follow on
- Being caught while cheating - LBW
- Leaving answer sheet Blank - Clean Bowled

- Gohel Nirali, 6th A

My School is Funny

Funny funny funny
 My school is as sweet as honey
 Instead of flower nectar
 It's composed of loving memory
 My teacher always says
 There are many ways
 To reach are glorious future
 But, be bindass in your nature
 Truly said by our mentors
 There is no success for cheaters
 They tell us that for your
 Sharp memory in exam
 Always eat some badams.

In my school everything is cool
 It students becomes sometimes fool
 Then teachers fight their screzes,
 With many type of tools.
 Funny funny funny!

- Tatamiya Khushi, 7th A

Robotics Lab

From the new session we are going to start STEM (Science, Technology, Engineering and Mathematics) Lab. This will be helpful for all the classes. Lab. is a work space where young minds can give shape to their ideas through hands on do-it-yourself mode; and learn innovation skills. Young children will get a chance to work with tools and equipment to understand the concepts of STEM. Labs are dedicated works spaces where students learn innovation skills and develop ideas that will go on to transform India. The labs are powered to acquaint students with state-of-the-art equipment such as 3D printers, robotics & electronics development tools, IoT & sensors etc.

11 Gold Medals in NASO

National Astronomy & Science Olympiad is one of the highly emerging concepts among young generation Olympiad. NASO is one of the unique and innovative platforms which also serve an opportunity to the students by providing them the exposure to SPACE Science and also a chance to visit NASA Space Center. Our 86 students appeared in this exam from class 2 to 9. Out of them 11 students got the gold medal from 2nd to 6th class and other students got participating certificate. 5 students of class 5th to 6th are going to appear for 2nd Level Online NASO Exam. on 23rd February, 2018.

Space English Medium School had organized Integrity Carnival festival on 6th and 7th of January, 2018 for the upliftment and betterment of the students. The theme kept for integrity and really our students proved that Integrity which lies in them. It was really a very wonderful experience spending time with them. They were too very excited to take part in carnival. These students made us proud by doing all the things properly with full presence.

The programme started with a short prayer. It was really wonderful and ended with great success. The main attraction of this festival was Art and Craft Exhibition, Ocean World and Food Zone. There were many other Zones like Math Zone, Science Zone, Puppet Show, Mini Gujrat Zone (S.St.), Herbal Zone, Games Zone, Entertainment Zone. Talent Show and other different types of activities.

ART & CRAFT ZONE

Amongst all the exhibitions the Art & Craft corner drew most of the crowds particularly guardians, parents and other family members of the students. The students had displayed amazing art and craft under the guidelines of teachers. The prominent displays included Color Paintings, Sketch, Glass Paintings, Wart to best, Quailing, Live Matki Painting, Mehandi and Tatio making. The visiting guests, parents of the students not only appreciated but also highly commended the beauty, Quality and Aesthetic themes of the Arts and Crafts to the visiting guardians, parents and their friends and family members who took pride in the displays of the Arts & Craft Corner. In this zone our Art & Craft teacher applied tattoo and mehandi about 1500 visitors and students.

SCIENCE ZONE

It was an innovative and experimental day for all the students. The budding scientists of our school presented many creative ideas as exhibits. There were number of still and working models on display such as Hydraulic Lift, Vacuum Cleaner, Room Heater, Water Heater, Cooler, Rubber Boat, Electric Boat, Steam Engine, Coin Machine, Water Pressure Fountain, Animal Cell, Human Excretory System, Volcano, Life Cycle of Moth and Food Chain. The exhibition provided a platform to scientific experimentation and innovation to the future scientists. The enthusiasm and skill clubbed with depth knowledge was commendable. With an endeavor to promote scientific attitude among students the exhibition was one of its kind. Almost thousand people visited the exhibition during these days. Parents and visitors had much praised the students for their hard work and efforts.

MATHS ZONE

Mostly, the parents are concern about maths, how to learn tables or how to keep in mind various formulas and too many numbers. To overcome this problem, something new was discovered in the carnival, which was never tried before. As it is very easy, as well as fast to learn games for children like addition, subtraction, division, multiplication, decimals, fractions, clock, calendar, perimeter and area so on into a game form.

The Maths activities were handled by Mathematics teacher. Under their guidance about 80 students took part from Standard 1 to 10. More than 1500 visitors in both days visited the carnival and commended the Mathematics zone. There were different Maths games, tricks, puzzles which were seem to be exciting for the students as well for the parents.

The grade 9 students have shown many Math magic tricks like easy methods to remember tables of two digit numbers from 10-99 without actual addition. Some intelligent tricky questions were also asked from the visitors. The aim was to crate interest and enhance student's knowledge as well as make Maths more interesting.

S.St. Zone (CARNIVAL BONANZA)

Club Heritage: "Mini Gujarat"

Young and Vibrant Gujarat's lifestyle industry, festival, colorful dances were displayed by students. Models of two progressive industries Amul and Jamnagar Oil, Architecture Model of Somnath and Ambaji temples were presented. The centre of attraction was the live Potter's wheel that modeled clay toys and pots. Parents, young and old watched the potter turning fresh clay into shape. There was a mixture of fun, education and knowledge in the wing where students mingled with audience and took them through Vibrant Gujarat shouting "Kaipo Che" with kites festival fever on the approaching Uttrayan.

Grade 5th and 6th students role model as village sarpanch speaking with typical Gujarati ascent, simultaneously displaying the homely tradition of offering food and delicacies of Gujarat.

GAME ZONE

In this carnival, there were 4 zones in game:

1. Educational Game: Parents as well as students both enthusiastically enjoyed the games. They wondered English is not just a language but it can also be fun if it can be taken as fun games. Students represented the different types of education game like Finding the Mistakes, Scramble, Re-arranging letters / sentences, Spinner, Match A with B, find the odd one out etc.

2. Mind Games: Parents were attracted & very curious to know what actually the mind solving game is. Using the mind is somewhat tricky for all of us. So it was really fun for parents as well as students. This includes moving on up Candelie, Floatcious, Hit the Glass, Baby rattle, Tilt a Cup, Back Flip, Metal Puzzle, Straw ball, Rubic Cube, Think & Tell, Balloon Pyramid.

3. Fun Games :- In Fun Game parents & students were very eager to know what all game totally a fun games which includes Step Ring Throwing, Puzzle Ring Throwing, Rubic Cube, Balloon Blow, Throw the Dart

4. Computer Games :- It is true that computer games are becoming more and more popular these days. All parents & students enjoyed playing this computer games, this includes GTA, Counter Strike, WWE, Cricket, Chess, Takken3, KBC.

ENTERTAINMENT ZONE

We were very glad to be a part of the greatest carnival in the Jetpur, organised by Space English Medium School. Among various events, stage performance was the most commendable part of the event. It was a blend of different Skits, Group Dance and Talent shows etc. on various topics some were related with our Nations Integrity and patriotism, Academic and Entertainment. As it gave an opportunity to students to show their inbuilt talents on the stage in front of the parents. Students performed well and enjoyed a lot, under the keen guidance of teachers.

Not only students even parents were invited on stage for pick and tell game. They were overwhelmed and enjoyed coming on the stage and for participating. Last but not the least, the most highlighting part KBC (Kaun Banega Crorepati) was also played between Dharm Vekariya (Acted as Amitabh Bacchan) and parents, which was liked and enjoyed by everyone.

Talent-Dance Competition
Season's Song :

There are different changes occurring in weather & we experience these with the different type of clothes and eat different types of food. Our grade 1st students have given a dance performance on these seasons like winter, summer & Monsoon. It was a great pleasure to observe them. It was just as if we are learning the different seasons with enjoyments. Audience demanded times and again.

FOOD ZONE

Space English Medium School, Jetpur took an initiative to show the hidden talents of little champs. Our school organized Integrity Carnival which was very unique and became successful.

Food zone was the favourite place for all. From children to young and old persons all were fond of tasty food. We made four stalls Panipuri, Basket Chat, Vadapau and Sandwiches. All the items were made by children with the support of teachers. It was a very nice experience for children. They learned something new apart from study. All the visitors appreciated the effort of students and teachers.

HERBAL ZONE

The primary goal of Ayurvedic medicine is to help people live long. In this Carnival students participated with enthusiasm. Students guided about the herbal means of Ayurveda at the tender age. Students represented about 100 Herbal tips like Dark Circle, Hair fall, Depression, Insomnia (lack of sleep), Diabetes.

This type of problem mainly affects in this era that's why we provide a cure with this Herbal tips. The ayurvedic approach to illness is holistic and therefore after an ayurvedic treatment a patient will find an improvement in their mental, physical and psychological conditions. Ayurvedic medicines are mostly derived from plants, herbs, flower, fruits etc.

Ayurvedic medicines each herb is unique in its medicinal properties with a goal aroma and flavor.

Examples: Neem, Alovera, Curry leaves, Tomato, Honey, Onion, Fenugreek etc.

Sports Achievements

Excellence in sports brings pride to a nation and citizens of the nation help build a healthier and happier society. Sports unite the nation by bridging the social and cultural boundaries. There is no easier way other than sports to promote brotherhood and community bonding. It is a great leveler and unifier- when playing in a team, the caste, creed or community of teammates doesn't matter.

Khel Mahakumbh (2017-2018)

Under the guidance of visionary leadership of Shri Narendra Modi, Prime minister of India and the then Chief Minister of Gujarat took initiative of "Khel Mahakumbh" (KMK) Mega sport event in year 2010. U-14 Girls, one of our student Sidhpara Dhrupal of class VII-B got 2nd Rank in State Level with cash prize of Rs. 2000/- in Table Tennis which was held on 5th September, 2018. Under 14, Noman Chipa and Prerak Jogi of class VII were selected for State Level.

Inter School Tournament

Inter School Tournament was held at Gymkhana ground, Jetpur on 20th January, 2018. In Table Tennis Under-14 boys from our school got 1st 2nd, and 3rd Rank. Mitanshu Theshiya got 1st Rank, Keyur Bhuva got 2nd Rank and Ansh Kotadiya got 3rd Rank.

In Cricket U-17 our Cricket Team was Runner up which was held at Gymkhana ground, Jetpur on 28th January, 2018.

CBSE New Assessment Scheme (2017-18)

Space English Medium School, Jetpur is affiliated to Central Board of Secondary Education (CBSE), New Delhi. After passing class X students are eligible to take admission anywhere in India and other countries. In new scheme of examination, CCE and term system has been replaced with single annual exam by CBSE itself. The exam will be conducted by CBSE for 80 marks and other 20 marks are kept with schools for internal assessment.

Benefits of New CBSE Assessment Scheme

- (i) It will reduce stress and anxiety which often builds up during and after the examination which could have an adverse impact on young students especially in the age group of 13-15 years.
- (ii) It will reduce the dropout rate as there will be less fear and anxiety related to performance.
- (iii) It will help to prepare the students for life by making students physically fit, mentally alert and emotionally balanced.
- (iv) It will motivate learning in a friendly environment rather than in a fearful situation.

Advantages of CBSE over State Boards

1. CBSE is a lot more student-friendly than State Boards. Its course structure is designed to ensure that students do not face a lot of pressure and books are made interactive and interesting. Also, lots of fun activities are included in between the chapters to help students learn in

a playful way. It makes the whole process of conveying knowledge to the students efficient and healthy.

2. CBSE exams are also very conducive to a positive environment for students. All the efforts are taken to ensure that the students actually learn from the entire process. They don't need to mug up things to pass the exams. The papers are designed in such a way that they test how much the students have learnt. The results are mostly favorable and very few students fail in CBSE exams.

3. The CBSE curriculum will definitely help you a lot if you are planning to pursue future studies from a centralized institution like an IIT or AIIMS. The preliminary exams for these institutions are organised by CBSE only and therefore you all can get an edge over others if you have done your primary and secondary education in CBSE board.

4. CBSE not only imparts quality knowledge to the students but also ensures overall physical and mental growth. It encourages students to pursue sports alongside studies, and a lot of emphasis is given on the physical growth of the children. It also teaches the students to be good citizens of the country and above all good humans.

5. CBSE offers a lot of flexibility to the students to pursue their field of interest. At each stage of education, students are given a choice to study in their field of interest and there is no compulsion to pick a certain stream.

CCA Activities

Devotional Song Competition:

As a part of the weekly activities a Devotional Song Competition was conducted on 23rd September, 2017. All the participants had done a very good job out of them three winners from each group were selected for the prizes.

words and sentences, Form of verbs were included.

Republic Day

Celebration

Space English Medium School celebrated 69th Republic day on 26th of January this year. It is celebrated every year with great pride in whole nation to honour the Constitution of India as it came into force on the same day in the year 1950. It had replaced the Government of India Act in 1935. Students, teachers, Principal and Chairman of trust delivered speech and motivated the students. Students presented patriotic songs and dances on this occasion.

Sharad Utsav

As it is the tradition of the Space English Medium School to celebrate Navratri. (Sharad Utsav), this year Navratri was celebrated with full zeal and enthusiasm. One day function was held at the evening in the school campus. All the students, staffs and parents came in the tradition wear and enjoyed RasGarba on the beats of music in different sounds. Star performance students performed marvelously on different themes. Prizes were also given to the children, parents, best couple and well dress. All of them enjoyed a lot on the Dandiya Nights.

Teacher's Day Celebration

Space English Medium School celebrated Teachers' Day on 5th September. All the teachers, students and other staffs were eager to celebrate this gala day. Student's teachers performed the role with great dedication and discipline in 1st four periods. Chairman, Principal, Teachers, students delivered the speech and highlighted the great deeds

done by the ancient Guru's. Chairman, Mr. Arvind Savaliya told that Teacher's Day is marked in honour of Dr Sarvepalli Radhakrishnan,

who was born on September 5, 1888, he was India's first Vice President and second President, a great scholar, philosopher and Bharat Ratna.
